Dear Kyokushin-kan International Committee, Shihan
and Branch Chiefs

We had hard times. We are facing a new threats without breath a
sigh of relief. And we will celebrate Christmas and New Year with
no end in sight. It is not really enjoyable. However, time goes by.

I barrow my masters phrase who I had studied under,
“ Who learn Karate must casually go through any hardships
without being upset or losing presence of mind. ”

I wish you a Merry Christmas and Happy New Year!
And wish you all work hard with presence of mind and reach the
great success.
And I hope you all, your family and Kyokushin-kan family are in
happiness and health from bottom of my heart!

Sincerely,

廣山 初雄
